NO OIL, BUT LOTS OF WATER STRUCK

It was reported on the streets this morning that a good flow of oil had been struck in the well on the Fustell place near Fitzhugh, but investigation proves that there is no foundation for the rumor. The fact is that an immense flow of artesian sulphur water has been struck, and that drilling operations must cease until this flow can be cased off.

W. G. Martin, one of the most progressive farmers of the county was in from Frisco this morning. During the past season Mr. Martin raised eight heavy bales of cotton from ten acres of land. He pays particular attention to the matter of seed, going over the field and picking only the best bolls from which to save the seed. The size of his yield shows how successful this method is in practice.

K. of P. Meeting Tonight.
The regular meeting of the K. of P. Lodge will be held tonight. All members are urged to be present.
W. D. HAYS, C. C.

Fumigate, Disinfect

PURIFY THE PERSON AND CLEANSE AND FUMIGATE THE PREMISES

While our town is considered free from Meningitis, it is also wise to keep it so. This can be materially aided by the timely use of disinfectant in the house and about the premises; the use of the Nasal and Throat Atomizer, Listerine, Glyco-Thymoline, Septoline, Euzamol, PEROXIDE OF HYDROGEN and various other anti-septic agents which can be found at any up-to-date drug store. Insist on S. & D.'s or Nyal's Peroxide—25c Bottles.

WEEKLY SESSION OF COUNCIL

Office of Fire Marshal and Building Inspector Created—Will Improve Cherry Avenue.

At its meeting last evening the City Council passed an ordinance putting the chief of the fire company on a salary basis, fixing said salary at \$50 per month. Harry Parks, who has done excellent work as chief of the volunteer company for several years, was elected to the office. In addition to his duties as fireman he will also be the building inspector and will issue all building permits.

An ordinance was passed with the emergency clause, vacating that portion of Stockton avenue to be used as a site for the new Frisco depot, said ordinance being passed to cure some defect in the one adopted a week previous.

The Frisco was ordered to put down sidewalks across its right of way on West Main, as provided by ordinance.

A new rule has been adopted by which water consumers will be required to keep \$1.00 on deposit at all times as a guarantee of good faith, and regulations governing same were adopted.

It has also been decided to expend about \$4,000 in improvements for North Cherry avenue, giving the citizens of the north side a much better way of reaching the business portion of the town.

Marriage Licenses.

Ira M. Roberts, Sulphur, 34; Bertie Elmore, Sulphur.
Frank Colbert, Franks, 21; Lula May Byrd, Franks, 17.

A great improvement was begun last night when the street sprinkler was put on ahead of the sweeper. The dust has always been something fierce when sweeping operations were in progress, and the sprinkler is a boon to all who have occasion to be on the street while the sweeping is going on.

Sheriff Mitchell now has thirty-four prisoners in his keeping on charges varying from petit larceny to murder. As the law does not permit mixing white and negro prisoners, and as the lower floor of the jail has cells for only sixteen, six of the white prisoners are locked in the runaround.

OWEN LAND BILL PASSES SENATE

Washington, D. C., Jan. 22.—When the United States senate Monday afternoon approved Senator Owen's bill providing for the sale of the surface of the Choctaw and Chickasaw coal and asphalt lands in Oklahoma, comprising about 445,000 acres, it made possible the addition of until hundreds of thousands of dollars to Oklahoma's revenues, between twenty-five and thirty towns lying within the affected district.

The surface lands are valued at between five and ten million dollars and the proceeds from the sale of the lands will be turned to the credit of the Choctaw and Chickasaw nations. Vast tracts which have lain idle while other sections of Oklahoma have been made to bloom, now will be developed and cities and towns in Atoka, Haskell, Coal, Lefflore, Latimer, Pittsburg and Pushmataha counties should prosper immensely, as they will be centers of new farming communities, which, owing to the character of the soil and climate, should produce abundant crops.

The time of the sale and the terms will be determined by the secretary of interior with the approval of President Taft immediately following the report of a board of three appraisers which will begin its work within a few weeks after the measure becomes effective.

Notwithstanding the threatened opposition to the measure in the senate, the Owen measure was passed by unanimous consent. Several known foes of the bill, principally those who opposed the sale of the surface and the mineral rights separately, were expected to kick up a rumpus, but Senator Owen explained the situation to the obstreperous ones in private and this opposition did not manifest itself on the floor of the senate.

The known policy of the Choctaw and Chickasaw officials, who came to believe that the best way to dispose of the entire matter was to allow the surface bill to pass and then proceed with a measure providing for the sale of the mineral rights, also is believed to have done much to appease the opposition of the senators.

As the Owen measure carried with it several additions to the Carter bill, which passed the house a few days ago, the measure will go to a conference committee representing both the house and senate and it is here an attempt will be made to agree on the changes made. Representative Carter, who has worked diligently for the passage of the surface bill, approves the amendment by the senate Indian affairs committee. It is probable it will be only a few days until the bill is reported to the house with the recommendation that that body concur in the senate amendment. The measure may be ready for the president's signature by the latter part of the week.

WILD MAN CAPTURED NEAR FORT GIBSON

Muskogee, Ok., Jan. 17.—A wild man, who has been roaming on Green Ridge near Fort Gibson, was captured by a posse today and taken to Ft. Gibson for safe keeping and medical attention. He is a white man, six feet tall, and about 39 years old. He is unable to explain where he came from or give his name. The man was eating meat torn from the head of a dead calf and some corn when captured. His skin is peeling off where his hands, face and legs were frozen.

Sitting in the woods at the foot of Green Ridge, eleven miles from this city, he was seen by some boys who were hunting. The man had been reported seen before, but little attention was paid to the story until the boys went to Fort Gibson and told the authorities. The boys said when they called to him the man seized a piece of meat and fled. They said he had a dark skin, but could not tell whether he was a white man, beaten by the weather, or an Indian or negro. No one knows who he is. Farmers in the neighborhood say that they have seen him frequently and believe he is demented. He has not tried to steal from the farmers, but seems to live on the carcasses of dead animals. He had a long, crude knife and used it to carve wood and food.

A GENERAL CLEANING UP IS NOW GOING ON

The meningitis scare is having the effect of causing a general cleaning up throughout the city. It began in good earnest yesterday and has continued with unabated energy today. Many places that had been surrounded with all kinds of filth are now clean and a great deal of whitewash has been used on walls and lime and other disinfectants scattered about the premises. As a result the city will within a few days be in the best condition ever known in its history and practically immune from any kind of an epidemic.

ANNOUNCEMENTS

The News is authorized to announce the following gentlemen as candidates for the offices named, subject to the action of the Democratic primary in August.

Register of Deeds
D. W. SWAFFAR

For Justice of the Peace, Ada, Precinct:
H. J. BROWN

One thing about this meningitis scare: every man will now find an excuse to indulge his favorite vice under the fond delusion that he is fighting off the disease. The consumption of tobacco, cigars and whiskey are likely to increase at a rapid rate for a time.

Worrying never did good or accomplish anything. Panic has proved the ruin of any an army, wrecked many a solvent bank and cost people untold millions. There is no use in the citizens of Ada losing their heads about the appearance of meningitis being misled by the dozens of rumors that will be in the air. It is well to exercise ordinary precautions, but nothing is to be gained by going into a panic. No matter what rumors may be afloat, the News will publish the facts as they are, whether good or bad. Concealment only makes a bad matter worse, and gives the rumors greater weight than facts warrant.

So far as the Gazette can judge at this day, the chances for Speaker Champ Clark for being the nominee of the democratic party for president seems to be the brightest of the gentlemen who are being urged for that great honor. Mr. Clark measures to the presidential full stature. He has been a member of congress from Missouri for eighteen years. His service as congressman has been distinguished and commendable. Today, as speaker of the house of representatives, he is the recipient of the highest honor which it is his party's power at this time to bestow upon any one. As speaker he has loomed large. His statesmanship and his tact have been found equal to his exalted position. He has guided his party safely and sanely during his leadership at Washington. His integrity is above suspicion. His ability pre-eminent and his citizenship is of the highest order. He is a loveable man, too, and through a gracious personality has won the abiding affection of his colleagues on both sides of the house. With Clark as a nominee democratic victory all along the line would be certain.—Burlington Iowa, Daily Gazette.

TRIER QUINTETTE

AT THE NORMAL

The concert given last evening at the normal by the Trier sisters was better attended than some other numbers of the lyceum course, and those who attended are loud in the praise of the talented young ladies. Nothing that had been said of their ability as entertainers and high class musicians was exaggerated in the least.

The ladies who have this course in hand are to be commended for giving Ada the best and strongest course it has ever enjoyed. It is to be hoped that the remaining numbers of the course will receive better patronage at the hands of the public than the others.

Oysters served all styles at the Pontotoc Cafe. 161-dtf

Considerable cotton has been brought in today, ranging from a small wagon load of seed cotton, to a number of full bales.

Finest line of chocolates in Ada at the Model Confectionery. 196-tf

Read carefully the program of the Olympic, the new moving picture theatre. This is the latest established of the Ada play houses, but it is enjoying a good patronage.

Machine made bread gives entire satisfaction. City Bakery, R. G. Knott, Prop. 243-tf

The vaudeville at the Majestic theatre is attracting the attention of the public, simply because it is something far above the average and merits the popularity it has attained. Don't fail to see these artists this evening.

Mob at Allen.

John Mershon went to Allen to see his girl last week and shortly after his arrival there, Will Whiteley conceived the brilliant idea of reporting that the couple had been quietly married. The report spread rapidly and about nine o'clock, while John and his lady friend were comfortably seated before the fire, earnestly discussing such matters as the tariff and the Turko-Italian war, their bliss was suddenly broken by a hideous racket from the outside. Springing to their feet and instinctively spinning their chairs about, they turned to face a determined mob of young people who demanded that John "set 'em up" and do it right now. John and his girl denied and explained and plead, but the noisy crowd would not listen, and, at last, John was seized, bound astride of a rail and carried to the creek. At this point the girl's mother took a hand in the game and succeeded in convincing the mob leaders that what ever else John might be guilty of, he was not guilty of committing matrimony.

The victim was then liberated and the fury of the mob was turned upon Will Whiteley, who had taken a hunch as to the way the wind was blowing and made himself exceedingly scarce. It is reported that he was seen at 10:30 in the high timber four miles from town and still hiking. It was good for him that he made his get away, for if he had been caught he would have gone into the creek as sure as his name is Bill. He is still somewhat nervous and has made a solemn vow never to start any more false rumors concerning weddings.—Francis Wigwam.

Heartburn, indigestion or distress of stomach is instantly relieved by HERBINE. It forces the badly digested food out of the body and restores the stomach and bowels. Price 50c. Sold by Ramsey Drug Co.

To-Night! AT THE DeSota!

From the Bottom of the Sea

This is the picture you have been hearing EVERYBODY talk about ever since we showed the first half of it. After much trouble and delay we have at last secured this one great production from New York City, and will show the STORY IN FULL!

Besides this great feature picture we will show

'THE DIVIDED RING'

A feature picture released by Rising Sun Co. Released December 29.

Now, folks, don't let weather keep you away from this program. If you are not satisfied, after you have seen this program, we will load you in a cab and haul you home.

Stealing Butter in New York.

New York, Jan. 22.—As a result of the soaring in the price of butter, a gang of clever thieves operating in this city have stolen thousands of dollars worth of butter in the last few weeks. In an attempt to have them rounded up wholesale houses have kept the news of their losses from getting into the newspapers. Their purpose was to catch the thieves red-handed—or butter-handed—before they realized that detectives were following them.

Today it was learned that \$1,000 worth of butter had been stolen in broad daylight from a truck belonging to Baumert & Co., wholesale butter merchants, at 177 Franklin street. The detectives do not believe the robberies are the work of ordinary thieves. It is thought that the operators have a regular outlet for their goods.

The dire straits in which the rise in the price of butter has put some of the retailers has caused some of those robbed to believe that their losses are due to the desperate attempt of one or more dealers to avoid bankruptcy. Small firms which have contracts with hotels and public institutions to furnish butter through the winter at a set price have been almost forced under by the prices they had to pay to carry out their agreements.

The liver loses its activity at times and needs help. HERBINE is an effective liver stimulant. It also purifies the bowels, strengthens digestion and restores strength, vigor and cheerful spirits. Price 50c. Sold by the Ramsey Drug Company.

Clay Jones was in from Roff this morning. Clay is a busy man and doesn't come to town very often, unless he is needed to help out in election matters, he being one of the election commissioners of Pontotoc county.

House Will Be Disinfected Every Day

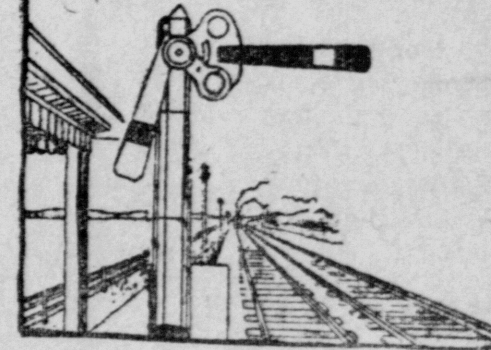

ADMISSION : : : 5c AND 10c

Origin of "O. K."

It is generally conceded that Gen. Andrew Jackson originated the well known term, "O. K." and it is usually stated that it arose from a charge made by his enemies that owing to his deficient education he approved accounts by writing "oll korreck" which was abbreviated to "O. K." However, J. R. Knight, editor of the Idabel Beacon, says that it comes from the Choctaw word, "hoka" meaning "all right", which word the General was in the habit of using.

A dry, hacking cough is hard on the lungs, often causing them to bleed. BALLARD'S HORN HOUND SYRUP is a healing balm that quickly repairs damage in the lungs and air passages. Price 25c, 50c, and \$1.00. Sold by Ramsey Drug Co.

SAFETY!

It is all right to have enough wood around so the tramp can pay for his meal and for kindling and grate fires but it will not give you a uniform heat. Nothing better than Coal for general heating purposes. Don't forget that there are different kinds of Coal. Be sure you buy heating quality, not simply weight. Slate and rock are heavier than coal and cheaper.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for \$1.00 you have really only 1500 lbs. of coal as the slack is worthless to you. We would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.

County Assessor Law Upheld.

Oklahoma City, Jan. 23.—The county assessor law is duly and legally adopted and not in violation of the constitution, according to a ruling in the test case of J. O. Gray against J. C. Frazier by Judge Oldfield of the superior court. Gray, the township assessor of Spring Creek township, Oklahoma county, filed a petition asking that Frazier be enjoined from proceeding with the duties of the county assessorship to which he was appointed by Governor Cruce.

It was alleged that the law was in violation of the constitution in that it undertook to deprive the township assessors of the emoluments of their office without due process of law. It was alleged that the law would operate to charge the taxpayers with double fees for the collection of taxes, as it provides for a collection fee by the county assessor and a former statute provides for a collection of fees by the township assessors, which it is claimed may be collected until the terms of office to which they were elected expire. It was further alleged that the new law failed to repeal all statutes in conflict therewith.

FOR SALE.

S.S.S. NATURE'S CURE FOR RHEUMATISM

The conditions and causes which produce Rheumatism all suggest a healthful vegetable remedy as the surest and safest cure. The disease is brought about by the accumulation of uric acid, an irritating, pain-producing property in the blood. This causes a weakening and souring of the circulation which then becomes unfit for nourishing the body, while the deposits of uric acid in the nerves, muscles, joints and bones produce the pain and agony of Rheumatism. To treat the trouble with medicines containing potash or other strong minerals, is simply adding another poison to the already weak, diseased blood, sapping it of its remaining vitality, and perhaps in the end making a physical wreck of the sufferer. The one safe and only cure for Rheumatism is S. S. S. It is nature's remedy for this disease, made entirely from healthful vegetable ingredients extracted from the roots, herbs and barks of the forest and fields. S. S. S. goes down into the blood and removes every trace of the cause of Rheumatism, cleanses and purifies the circulation, and restores health and comfort to those who are suffering from this painful disease. There is but one way to be sure you are not dosing your system with mineral medicines, and that is to take S. S. S. Book on Rheumatism and any medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Normal News.

The public, all of it, will be asked to buy tickets to the play "Comrades" which is to be given in the normal auditorium next Thursday night. If you don't buy one it will endanger our athletic relations with the other schools of the state. This play is being given as a means of paying off a debt of very long standing. We have got to pay up or no athletics this year.

If you want to see some classy baseball this spring help us pay that debt by buying a ticket to the play. We have the material for a fine team; better than we had last year and that's saying a good deal too; we can have it if you will help us with this play.

The following self explanatory announcement was made today in chapel by Miss Willie Faust: "We, the girls of this normal (E. C. N.), the real boosters of our school do hereby with issue to the boys of the school a challenge that will enable them to prove their self proclaimed superiority in school spirit, school loyalty and devotion to athletics by engaging with the boosters in a contest of selling tickets for the play. Your refusal to meet us in this contest would be an acknowledgement of your inferiority. But if you accept our gauge, and if you should defeat the girls by selling the greater number of tickets, then we, the girls will give to the boys of the contest a party. But on the other hand if the girls should sell the greater number of tickets, then we should expect the terms to be reversed."

It is needless to say that the challenge was accepted by the boys. They were all eager for the fray and will enter into the work heartily. The town was divided into districts, a leader appointed for each district and the work was systematically planned.

NOTICE

I have just now received the anti-septic for meningitis and a permanent and guaranteed cure for catarrh in any form. This remedy is a sure shot. Call at the Fisher Hotel, old court house stand at corner of Main and Townsend. O. B. FISHER, 248-31

From the Public Schools.

The public schools are moving along nicely though the meningitis scare is keeping a number of children out. Every room in our schools is fumigated regularly and is kept in sanitary condition and patrons of the schools can rest assured that every precaution possible will be taken to prevent the spread of contagious diseases among pupils. Among the number of children who are being kept out of school at present we note some of them are on the streets and even some are making house to house visitations. We hope that all pupils will be able to re-enter school within a day or two as every day they are absent makes it harder for them to keep up with their classes.

T. W. ROBISON, Supt.

Tall oaks from little acorns grow, so they say, and it seems to be that way in everything else. For instance, Will Rea, who was in from Roff a few hours this morning, stated that the rumor was current at that place that there were forty cases of meningitis in Ada. That's going some.

NO NEW CASES OF MENINGITIS TODAY

Al though all kinds of rumors have been flying today, there is nothing new in the meningitis situation. Dr. Craig, the city health officer, states that there is not a sign of a new case, and with the warm sunshine that is now visiting this section, and the general cleaning up that is going on, there is little reason to fear a general outbreak of the disease. Fluid from the spinal cavities of the two cases reported has been sent to the state bacteriologist for final determination of the disease, and it will be known positively in a few days whether the two deaths were due to that cause.

No effort at concealment of facts will be made either by the physicians or the press, but the public will be kept informed of the true situation daily.

Lame back may come from overwork, cold settled in the muscles of the back, or from disease. In the former cases the right remedy is BALLEARD'S SNOW LINIMENT. It should be rubbed in thoroughly over the affected part, the relief will be prompt and satisfactory. Price 25c, 50c and \$1.00 per bottle. Sold by the Ramsey Drug Co.

Roberts-Elmore.

Yesterday at the court house Mr. Ira M. Roberts and Miss Bertie Elmore were married at the court house Justice H. J. Brown officiating. These young people are among the best known and most popular of Sulphur, and their well-wishers are many. The bride is a sister to Miss Mae Elmore, who has made Ada her home for some time.

This evening the DeSota theatre will give one of the most expensive and greatest masterpieces known to the business. This is the picture-drama "From the Bottom of the Sea." It represents the hair-breadth escape of a crew in a submarine vessel that had foundered, and who would have perished in a very short time but for the heroism of a young member of the crew who permitted himself to be shot from a torpedo tube to the surface to seek for aid. This picture was brought direct from New York, and was obtained only after considerable difficulty.

Prof. Flannery and Walton of Draughton's business college, are in town making the final effort to secure patronage that will justify their establishing a school here. Although nothing definite can be stated today, everything looks bright for the school and it is highly probable that it will locate here.

If any one has a garden to plow, notify S. B. Dameron, superintendent of the United Charities. There are several widows with teams and boys to plow. The supply of clothing in the hands of the organization is also in need of replenishing. Can you help some?

Owners of Hogs, Notice.

After February 1 the ordinance against keeping hogs within the corporate limits of Ada will be rigidly enforced, and all parties found violating same will be prosecuted.

R. N. HOUNSHELL, Chief of Police.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and so ourselves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years."

We, ourselves vouch for the D.D.D. Ramsey Drug Co., Ada, Okla.

Prescription for eczema and absolutely guarantee that it will take away the itch the instant you apply it.

If you are suffering from any form of skin trouble we would like to have you come to our store, for we have had the agency of this remedy for so many years that we can tell you all about eczema. In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a \$1 bottle on our guarantee that it will cost you nothing unless you find that it does the work. For that matter a trial bottle for 25c ought to be enough to absolutely prove the merits of the remedy.

Drop into our store anyway and we will tell you all about this great remedy.

ONLY ONE CHANCE FOR RUSSELL'S BILL

Oklahoma City, Ok., Jan. 20.—Campbell Russell, president of the People's Power League, admitted today there was but one chance for the petitions recently filed for a vote on the "recall" of the State Board of Agriculture to be held sufficient.

If the court will hold that the 355 petitions, which vary in wording from the copy originally filed with the Secretary of State to be clerical or typographical errors and can be corrected, the petitions would have a sufficient number of names barring the illegal ones admitted to be such by R. L. Moore, to authorize a vote. If not he admits the proposition fails, but said that the league would begin the circulation of new petitions to bring about the original desire.

Russell also admitted at the hearing being conducted by Secretary of State Harrison upon the protest against pending petitions filed by members of the State Board of Agriculture that he signed as many as 100 names for voters when instructed to do so, and that he sent written instructions to all his workers to do likewise; however, to be careful to have the verbal authority, and to only do the signing in the said voters' presence. He insists this is no violation of the law. Many persons sent him powers of attorney to sign their names, but such course was never followed, Russell said.

R. L. Moore, the league worker who it is estimated turned in anywhere from 5,000 to 10,000 signatures and all but 700 or 1,000 of which, he admitted on the witness stand, were copied out of newspapers, directories, etc., was the only witness before the secretary today.

Russell, acting as the league's Attorney, conducted a cross examination, leading the witnesses through a maze of incidents concerning correspondence, visits at the league's headquarters and work on the questioned petitions.

Among other things, Moore dovetailed with his answers the statement made yesterday that Russell instructed him to gather the names from newspapers, directories, etc., and that he was told he would not have to swear to them. He also denied that he was ever present when the notary's seal was affixed.

Of practically all of the incidents referred to by Russell in his questioning, Moore said that he did not remember. As the hearing adjourned at noon, Russell announced that when the board's attorneys were through he would move to strike from the record all of Moore's testimony for the reason, he said, the witness had been successfully impeached.

Secretary Harrison adjourned until Wednesday morning at 10 o'clock. Russell announced publicly that he desired to withdraw the imputation of yesterday against an employee of the agricultural board, whom he charged had written the anonymous letter which played such an important part in yesterday's examination.

Can You Ask More?

Your Money Back for the Asking. You Promise Nothing.

We are so confident that we can furnish relief for indigestion and dyspepsia that we promise to supply the medicine free of all cost to every one who uses it according to directions with the results. We exact no promises and put no one under any obligation whatever. Surely nothing could be fairer. We are located right here where you live, and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one who is troubled with indigestion or dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home, and give them a reasonable trial, according to directions. If they don't please you, tell us and we will quickly return your money. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity. Three sizes, 25c, 50c and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store. The Gwin & Mays Drug Co.

Cash Grocery Store.

I wish all my friends to know that I am now in the grocery business. When in need of something in my line, consult your taste and your pocket book and you will then give me a trial order.

R. C. JETER, Rollow Bldg., Main St.

A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles.

Who does not know the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than sage and sulphur, if properly prepared. The Wyeth Chemical Company of New York put up an ideal remedy of this kind, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is thin or turning gray, get a bottle of this remedy from your druggist today, and see what it will do for you.

This preparation is offered to the public at fifty cents a bottle. Special Agents, Gwin & Mays Drug Co.

RUSSELL WILL INITIATE A NEW MEASURE

Oklahoma City, Jan. 23.—Campbell Russell has announced his intention of initiating another bill directed at the present state board of agriculture and has sent out a call for "minute men" to circulate the petitions. Russell declares that he has not laid down on his fight for the bill which was originally offered, to which some of the signatures were contested, but asserts that he wants to be in a position to lose no time in the event the first bill is declared invalid.

Ordinance No. 260.

Entitled an Ordinance amending Section 5 of Ordinance No. 212, City of Ada, Oklahoma, prescribing the duties of the Chief of the Fire Department, and declaring an emergency.

Be It Ordained by the Mayor and Councilmen of the City of Ada, Oklahoma:

Section 1. That Section 5 of Ordinance No. 212, regulating the Fire Department and prescribing the duties of the Chief of the Fire Department, be and the same is hereby amended to read as follows:

Section 5. That the Chief shall have general supervision over all the property and employees of the Fire Department and shall see that each employee does his duty. He shall designate which position and what employment each man shall take in the Fire Department. He shall have the power to suspend or discharge any employee of the department who fails to do his whole duty, but his acts in this particular shall be subject to the approval of the City council. In addition to the duties above enumerated and hereinafter set out he shall be City Fire Marshal and shall investigate the cause and origin, and circumstances of every fire occurring within the City, by which property has been destroyed, or damaged, and especially make investigation as to whether said fire was the result of carelessness or design. Said investigation shall be begun within two days of the occurrence of the fire, excluding Sundays. He shall notify the State Fire Marshal, and shall furnish said State Fire Marshal a written report of the facts relating to the cause and origin of the fire, and such other information as may be called for. He shall keep a record of all fires occurring within the City of Ada together with the facts and circumstances of same, including the origin of the fire. He shall inform himself as to the requirements of the Ordinances regulating the fire limit and all places or situations causing extra hazard, and shall see that said Ordinances are enforced. He shall at least once each year inspect the flues of the buildings of the City for defects and shall act as Building Inspector, and shall issue all building permits.

Section 2. For the preservation of the public health, peace and safety, an emergency is hereby declared to exist, whereby it is necessary that this Ordinance be in full force and effect from and after its passage, approval, and publication.

Section 3. That Section 5 of Ordinance No. 212 as originally enacted, be and the same is hereby repealed.

Passed by the Council and approved by the Mayor this the 22nd day of January, 1912.

(Seal) S. E. CHAPMAN, Mayor
Attest: W. B. JONES, City Clerk.
(Published Jan. 23rd, 1912.)

WHY WILSON BROKE WITH COL. HARVEY

Washington, Jan. 20.—Thomas Fortune Ryan, the New York financial magnate, was the real cause of the break between Gov. Woodrow Wilson and Col. Harvey of Harper's Weekly, according to a story persistently circulated at the capital today, but which could not be traced to a definite source.

Absolutely Declined.

The story has it that at the now famous meeting at the Manhattan Club in New York of Gov. Wilson, Col. Henry Watterson and Col. George Harvey the last named suggested to the governor that it would be a good thing for him to meet Thomas F. Ryan with a view to securing adequate financial backing for his presidential campaign. Gov. Wilson, the story goes, immediately froze up and declined absolutely to consider the proposition of meeting Mr. Ryan or of accepting financial assistance from him.

In the discussion that followed Gov. Wilson gave utterance to sentiments that led Col. Harvey to suggest that perhaps his own backing of the governor might prove detrimental to the latter and to ask the governor for a frank statement of his views on this point. The governor then told Col. Harvey of the letters and newspaper clippings he was receiving almost daily, showing that the support given him by Harper's Weekly was arousing suspicion among democrats in many quarters of the country.

The most curious part of the story in circulation at the capital today was the effect that it had been originally told by Col. Watterson to friends at Charlotte, N. C., when he was in that town recently to deliver an address in the interest of the ratification of the Taft arbitration treaties. The Kentucky editor is reported to have been asked what he knew of the causes of the break between Gov. Wilson and Col. Harvey and told the above story as giving the inside facts. Col. Watterson is further reported to have remarked that Gov. Wilson was badly fooled if he thought he could run a presidential campaign without plenty of money.

Close friends of Gov. Wilson in Washington would not stand sponsor for the story when it was repeated to him. They said they did not know what basis there was for it and had had nothing to do with its circulation.

The "Tour of the Prairie."

Made by Washington Irving in 1832 is one of the most interesting historic sketches of Oklahoma.

The Boy Scouts of Oklahoma, are going over Irving's trail early in the spring and will mark it with appropriate monuments. You will be much interested in a map of this route and the story of his trip. Get them both in the Wide West Magazine by subscribing for the Ada News, daily or weekly.

Ordinance No. 259.

An Ordinance vacating portions of Stockton Avenue, Tenth Street and Ninth Street, in the City of Ada, and repealing Ordinance No. 258.

Be It Ordained by the Mayor and Councilmen of the City of Ada, Oklahoma, in regular session assembled:

Section 1. That all that portion of Stockton Avenue from the north line of Main street northerly to the north line of the right of way or station grounds of the St. Louis and San Francisco Railroad Company, and all that portion of Tenth Street from the East line of Stockton Avenue easterly to the southerly line of the right of way or station grounds of said Railroad Company, and all that portion of Ninth Street from the west line of Broadway Avenue westerly to the northerly line of the right of way or station grounds of said Railroad Company, in the City of Ada, be and the same are hereby abandoned and vacated.

Section 2. That Ordinance No. 258 an Ordinance granting to St. Louis and San Francisco Ry. Co. said above streets be and same is hereby repealed.

Passed by the City Council the 22nd day of January, 1912.

Approved by the Mayor, the 23rd day of January, 1912.
(Seal) S. E. CHAPMAN, Mayor
Attest: W. B. JONES, City Clerk.
